Geocache marker icons

On the live map as well as on the list of your stored caches c:geo might show small marker icons in the corners of a geocache icon to provide additional information without the need to open the cache details.

The following table describes the meaning of these markers:

(old) Name Description	
Upper-Left	
Found You have already found the	nis geocache.
Did not find You have a "Did not find" online in the past or store	log for this geocache either posted doffline in c:geo.
